Affiliate: Wild Sheep Foundation

Outfitter Organization/BLM/Game & Fish/Forest Service/Other (Explain)

Location of Project: Wyoming- during WY WSF Banquet

State/Territory/Area

Description Of Project:

I am seeking some funding to help pay for the costs associated with being a part of the youth education day/night during the chapter banquet in Wyoming. Last year I helped the chapter run a "Climb Like a Bighorn" event which included costs associated with the rock climbing gym, as well as the evening event where the banquet takes place.

The costs associated with this event run around \$550 for shipping, \$450 for airfare, and \$415 for the rock gym (assuming we are doing something like this during the current, upcoming banquet.

Problem to be Solved:

Each year it is a scramble to secure funding to make S.H.E.E.P. a success, both within our chapter network as well as nationally. Last year we were unable to receive any grants outside the endowment fund from MidwayUSA Foundation. This year we have those funds again, and just obtained a Bass Pro Shop/Cabela's Outdoor Fund grant for \$20,000, but it puts me about \$10,000 short of what is usually spent. Additionally, this past year we ran out of our booklets and animal wheels we give out at events and those both needed ordering, adding to the overall cost of the program. \$800-1400 could truly help offset costs.

Describe How You Propose Solving the Problem:

Although I have funds to come and attend and help during the banquet, if additional funds are available for travel and shipping, it helps to free up money that can be spent on other youth projects and events. You have already donated funds for the animal wheels, which should be printed end of November. So, I am already greatly appreciative. IF, you have additional funds to help with our programming, those too would be a benefit to our program. I understand if not, with all the other projects with sheep involved.
