

**Budget Narrative**

The total project cost is more than \$25,000. In addition to the request of \$15,000 from the Wyoming Governor Big Game Coalition Grant, we will be asking for the remaining \$10,000 from the Wyoming Wild Sheep Foundation. Additional in-kind support includes the donation of the film footage from Ginger Kathrens, \$6,800 for the mountain mahogany study from WNPA to Tennessee Tech, \$5,000 from Tennessee Tech URECA program, scientific expertise from Tennessee Tech, and research and written narrative by the park staff with help from the partners.

The National Park Foundation will be our Financial Sponsor for this project. Janet Rupp is the contact person for them. She can be reached at 202-796-2520 or [jrupp@nationalparks.org](mailto:jrupp@nationalparks.org).
